BBI Group Regional Office

BBI Group (BBIG) announces that it will be increasing its local presence in the Western Pilbara by opening a regional office at The Quarter in Karratha for its flagship BBI port and rail project.

The fit-out of the BBIG regional office will commence shortly, largely utilising the skills of local contractors and businesses. The BBIG Pilbara office will provide better access to engage with the local community as the project moves forward.

BBIG is particularly pleased that its regionally based team in the Pilbara will include senior executive management, as well as traditional owner representation through BBIG liaison officers.

BBIG management continues to listen to and talk with the local Pilbara communities around the BBI Project, and strives to strengthen those communities in which it intends to operate.
